

DE SERIES

LITHIUM BATTERY COUNTERBALANCED FORKLIFT

STANDARD FUNCTIONS

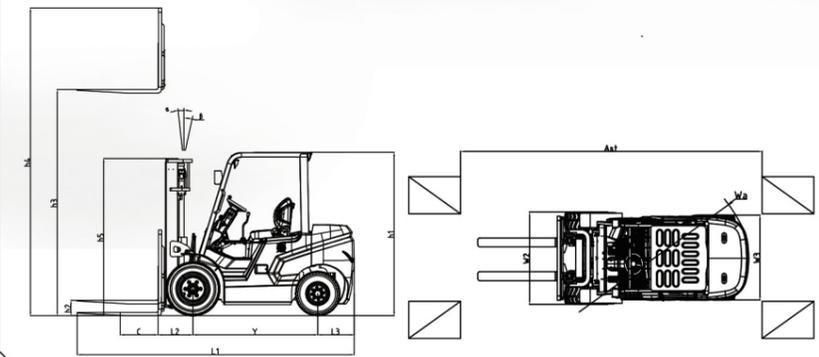

- ◆ High ground clearance with solid tires for excellent terrain adaptability
- ◆ 9-inch full-color display providing multiple real-time performance metrics
- ◆ Standard USB charging port to keep devices powered anytime.
- ◆ Built-in wireless phone charging for added convenience
- ◆ Optional automatic charge/discharge heating system for lithium batteries
- ◆ High-temperature protection system for safe and reliable operation
- ◆ High-efficiency permanent magnet synchronous motor with large-ratio gearbox for powerful performance
- ◆ Standard reverse assist handle and audible reverse alarm for safer maneuvering
- ◆ Modular powertrain with a clean, accessible layout for easy maintenance
- ◆ Automatic reverse lights standard, improving nighttime safety.
- ◆ Premium semi-wraparound seat for superior comfort Comfort-focused design keeps you productive all day long

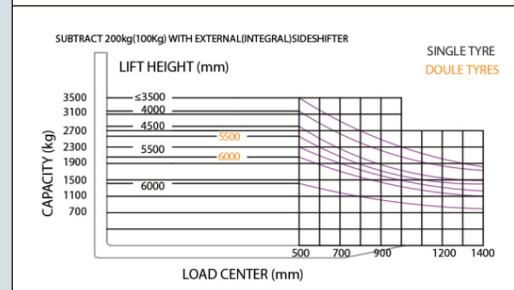

LITHIUM BATTERY

DIMENSIONS

MODEL:		CPD20	CPD25	CPD30	CPD35
Rated Lifting Capacity	kg	2000	2500	3000	3500
Load Center Distance	MM	500	500	500	500
Frame Inclination	Front °	6°	6°	6°	6°
	Rear °	12°	12°	12°	12°
Max Lifting Speed	No Load MM/S	360	360	380	380
	Full Load MM/S	280	270	320	300
Maximum Travel Speeds	No Load KM/H	14	14	14	14
	Full Load KM/H	12.5	12.5	12.5	12.5
Max Gradeability (Full Load)	%	15	15	15	15
Min Turning Radius	MM	2273	2273	2418	2418
Weights (With Battery)	KG	3300	3650	4350	4780
Overhang	Front Overhang MM	406	406	467	467
	Rear Overhang MM	504	504	530	530
Length	MM	2472	2472	2650	2650
Width	MM	1166	1166	1240	1240
Height	MM	2090	2090	2115	2115
Fork Size (Lx W x T)	MM	1070*120*40	1070*120*40	1070*120*45	1070*122*45
Hydraulic System Working Pressure	MPA	18	18	18	18
