

DL SERIES

LITHIUM BATTERY COUNTERBALANCED

FORKLIFT

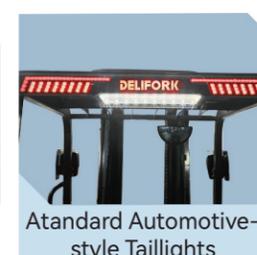

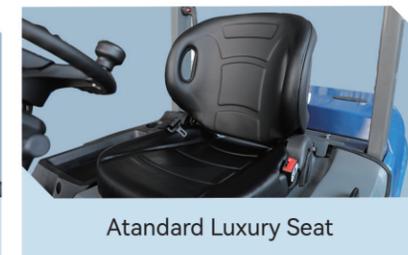

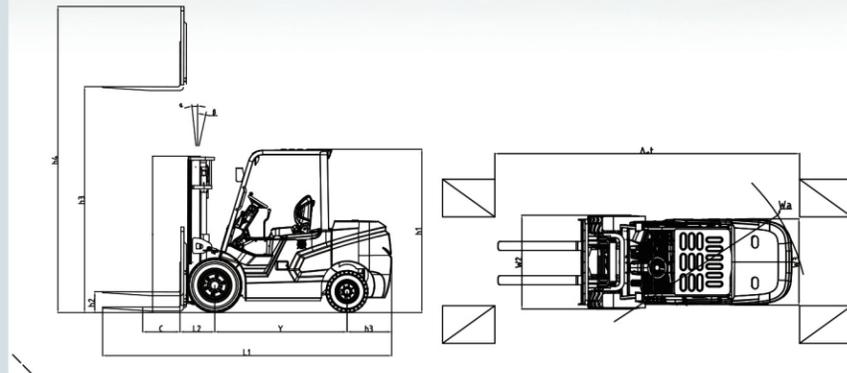

LITHIUM BATTERY

STANDARD FUNCTIONS

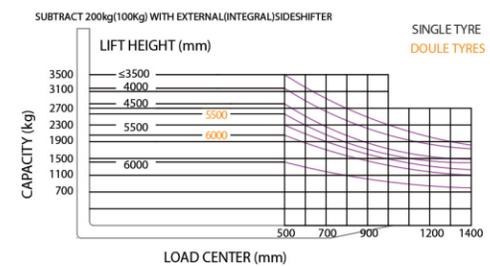

- ◆ High ground clearance with solid tires for excellent terrain adaptability
- ◆ 9-inch full-color display providing multiple real-time performance metrics
- ◆ Standard USB charging port to keep devices powered anytime.
- ◆ Built-in wireless phone charging for added convenience
- ◆ Optional automatic charge/discharge heating system for lithium batteries
- ◆ High-temperature protection system for safe and reliable operation
- ◆ High-efficiency permanent magnet synchronous motor with large-ratio gearbox for powerful performance
- ◆ Standard reverse assist handle and audible reverse alarm for safer maneuvering
- ◆ Modular powertrain with a clean, accessible layout for easy maintenance
- ◆ Automatic reverse lights standard, improving nighttime safety.
- ◆ Premium semi-wraparound seat for superior comfort Comfort-focused design keeps you productive all day long

DIMENSIONS

MODEL:		CPD30L	CPD35L
Rated Lifting Capacity	kg	3000	3500
Load Center Distance	MM	500	500
Frame Inclination	Front °	6°	6°
	Rear °	12°	12°
Max Lifting Speed	No Load MM/S	380	380
	Full Load MM/S	320	300
Maximum Travel Speeds	No Load KM/H	14	14
	Full Load KM/H	12.5	12.5
Max Gradeability (Full Load)	%	15	15
Min Turning Radius	MM	2537	2537
Weights (With Battery)	KG	4260	4650
Overhang	Front Overhang MM	467	467
	Rear Overhang MM	586	586
Length	MM	2840	2840
Width	MM	1240	1240
Height	MM	2115	2115
Fork Size (Lx W xT)	MM	1070*120*45	1070*125*45
Hydraulic System Working Pressure	MPA	18	18
